In support of Care for Kids

www.warehouse.org.za

Care For Kids was started in 2003 by **The Warehouse Trust** to address the challenge of Orphans and Vulnerable Children in South Africa. The number of orphans affected by HIV/AIDS is estimated at being in the region of 2 million by the year 2010.

Care For Kids partners with local churches in poor communities, equipping them to provide holistic care to over 400 orphans and vulnerable children. Care is given by providing physical relief and psycho-social support.

By the end of 2008 *Care for Kids* will be supporting 800 children. Your support will enable churches to care for these children.

None of the support given towards this project will be given to admin costs.

You can help us ...

Be a vital part of our journey home and make a difference in the lives of these children by sponsoring some of the 30,000 kilometers we'll be covering.

Each K costs R1, \$0.25, or £0.10.

20% of the money raised will be used for our Fuel 'n Tires fund to help make all this possible. You can allocate a greater or lesser percentage to this fund if you wish.

In return for your support we'll give you exclusive access to photos and video footage we take during the journey.
